

**Pocket Digital Thermometer  
Model 701**

**Designed to fit your pocket  
Hands free operation**

### FEATURES

- All solid state design
- High Stability
- Wide Temperature Range
- Cold Junction Compensation
- Easy to Read LCD Display
- One conventional 9 volt battery
- Long battery life
- Interchangeable TC sensor

### SPECIFICATIONS

Model	Range
701KC	-50 to +800C
701KF	-50 to +1000C
701JC	-50 to +700C
701JF	-50 to +1200C
701TC	-50 to +400C
701TF	-100 to +700C

Accuracy*:	+/-0.25% +/-1 digit
Cold junction compensation:	1C (1F)
Ambient temperature:	0 to 40C (32F to 104F)
Display:	8 mm LCD
Power:	one conventional 9 volt battery
Battery Life:	100 hours typical for alkaline battery
Battery Low Indicator:	automatic
Dimension:	78mm x 60mm x 28mm
Weight:	140 grams

\* @ 23C +/-5C

\* Not including sensor error. Better accuracy can be provided for smaller temperature range.
